Madera Migrant/Seasonal Head Start

OUR AGENCY

Community Action Partnership of Madera County (CAPMC), a 501(c)(3) non-profit organization, has dedicated its programs and services to address the needs of the low-income residents of Madera County for over the past four decades. Although Madera County is our primary focus for serving low-income individuals and families, CAPMC has also been awarded funds to expand Head Start services to Regional families in Mariposa County and Migrant/Seasonal families in Fresno County.

CAPMC was established in 1965 as a result of the Economic Opportunity Act (EOA) of 1964. The EOA was signed into law by President Lyndon B. Johnson to support his declaration of an unconditional “War on Poverty.” The act was established to promote school readiness, enhance children’s social and cognitive development by providing educational, health, nutritional, social, and other services to enrolled children and their families. Each county in the United States designated a community action agency to be responsive to the needs of the low-income individuals and families by providing programs and services that assist them in becoming stable and self-reliant.

CAPMC is a leader in “helping people, changing lives.” We have received local and national recognition for implementing creative, cost-effective programs to serve the low-income residents of Madera, Mariposa, and Fresno counties. As the region continues to grow and change, CAPMC is also transforming itself to best serve those in need. CAPMC continues to examine its current programs to ensure that they meet the highest levels of efficiency and effectiveness. As an agency, leaders regularly seek to initiate innovative programs that complement and broaden our existing ones, and search for the best practices from other agencies in our community action network. CAPMC continues to maintain the financial integrity of its programs to maximize resources to the greatest benefit of CAPMC program participants and other customers and stakeholders. Since its inception in 1965, CAPMC’s mission and vision have remained the same:

Mission

Helping people, changing lives and making our community a better place to live by providing resources and services that inspire personal growth and independence.

Vision

CAPMC will be recognized as a premier social service agency that eliminates the effects of poverty by helping people obtain knowledge and skills to achieve self-reliance and economic stability...one life at a time.

Message from the Director

Community Action Partnership of Madera County's Head Start Department would like to share important information regarding the services that the Madera Migrant/Seasonal Head Start program provides to the children and families in Madera County. The 2020-2021 Annual Report's data will provide an overview of the funding, staffing, enrollment, attendance, school readiness results, and overall services provided by the program. Madera Migrant/Seasonal Head Start is a Delegate of Stanislaus County Office of Education Child and Family Division, who enters into contract with Community Action Partnership of Madera County to serve eligible migrant/seasonal children. In the 2020-2021 program year, CAPMC was funded to serve 579 children. Due to the current condition with COVID-19 at the end of the program year, a total of 312 children were served. During the children and families participation in the program, they receive comprehensive services inclusive of education, health, nutrition, mental health, and disabilities. CAPMC's primary goal is to provide families with opportunities to engage with their children, increase their knowledge of their children's development, and ultimately, assist them in becoming their children's lifelong educators.

I want to acknowledge our exceptional staff for all their dedication to providing quality educational experiences to our children. Thank you to the Policy Committee, Board of Directors for their continued support and our community partners that make it possible for the program to provide support and resources. This is truly a "community effort" to help families meet their needs and allow children to be successful in their educational path.

A special recognition and gratitude to participating families that allow program staff the honor of educating and caring for their children on a daily basis. It is a privilege to be able to serve the families of Madera County.

Respectfully,

Maritza Gomez-Zaragoza

Head Start Program Director

SCHOOL READINESS

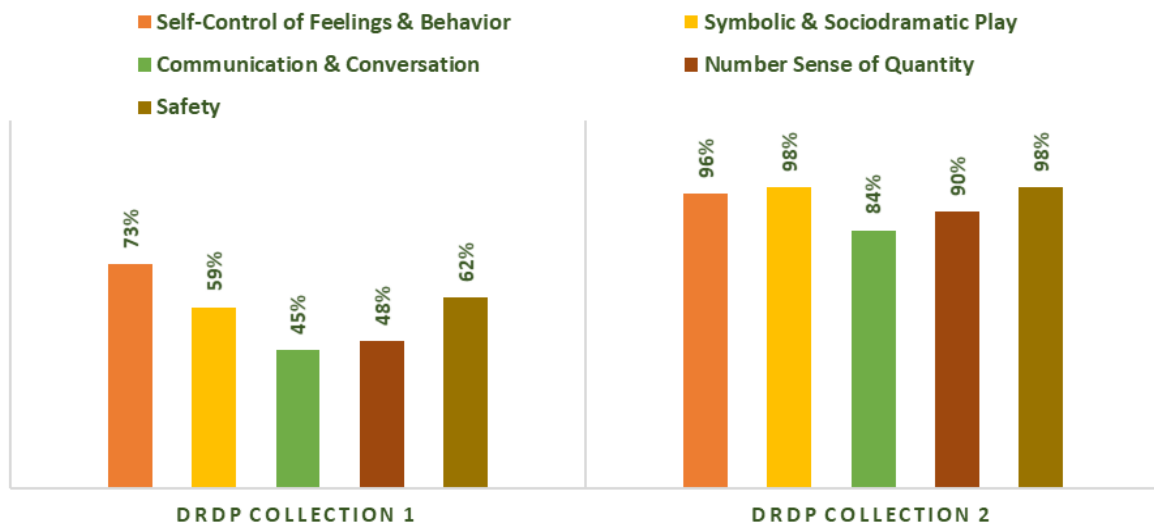

The Creative Curriculum provides long lasting learning opportunities for children from birth to preschool age. Implementing this curriculum to Fidelity is an essential practice to ensure that the interactions and activities implemented in the classroom result in positive child outcomes and achievement of school readiness goals. It helps teachers provide engaging interaction and environments for children. Fidelity implementation allows staff to improve teaching practices to ensure that all children reach their appropriate development. It also supports teaching staff in problem-solving to strengthen curriculum implementation. The 2019-2020 average percent on the performance of fidelity is below.

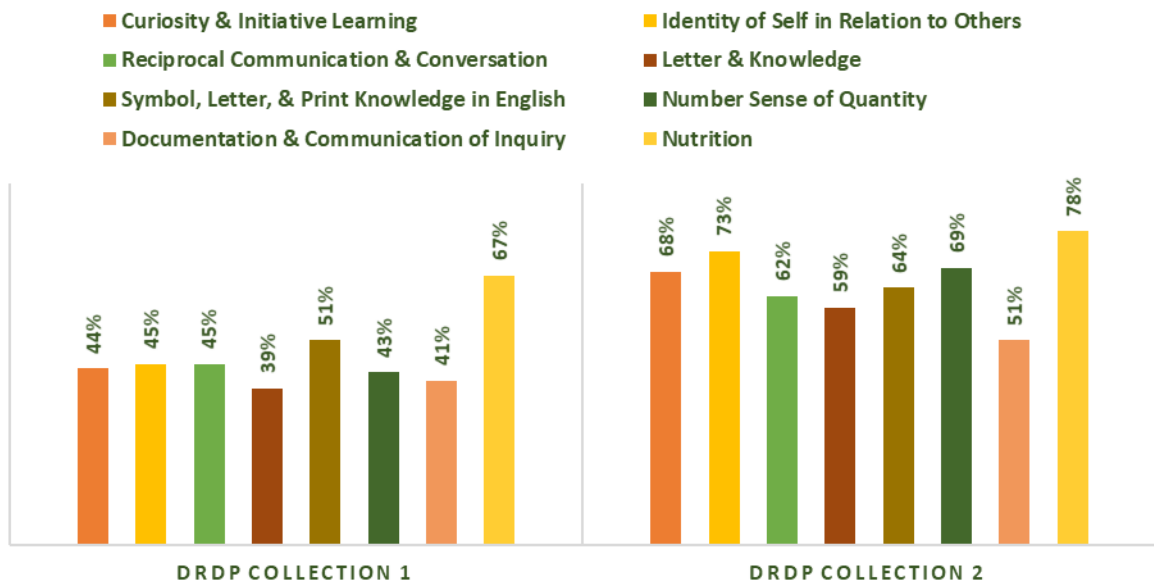

SCHOOL READINESS

The California Department of Education Early Learning and Care Division, Desired Results system is designed to improve the quality of programs and services to all children from birth through 12 years of age who are enrolled in early care and education programs. Desired Results (DRDP) are defined as conditions of well-being for children and families. The Madera Migrant Seasonal Head Start Program analyses data three times during the season. Below are the 2020-2021 DRDP collection results from the beginning and end of the program year.

SCHOOL READINESS GOALS

The Improving Head Start for School Readiness Act of 2007 and the School Readiness in Programs Serving Preschool Children Program Instruction (ACFPIOHS-11-04) require Head Start programs to adopt school readiness goals for preschool children.

- The School Readiness Plan describes how CAPMC with SCOE/CCMHS will strategically integrate program services to improve the School Readiness Outcomes of Head Start children and families.
- The School Readiness Goals reflect that families are children's first teachers. The goals encompass the five essential child development domains: Approaches to Learning, Language & Literacy, Cognition & General Knowledge, Physical Development & Health, and Social & Emotional Development.
- Development of School Readiness Goals, a crucial part of the School Readiness Plan, was guided by input from the Head Start community and approved by the parents of Head Start children and the Governing Bodies.
- Two sets of School Readiness Goals were adopted, the first set for expectant families, infants and toddlers, and the second set for preschool-aged children.
- The School Readiness Goals for Expectant Families, Infants and Toddlers were developed in alignment with the Head Start Framework for Programs Serving Infants and Toddlers and their Families, California Infant/Toddler Learning & Development Foundations, California Desired Results System, the Head Start Child Development and Early Learning Foundations, and the Program for Infant and Toddler Care.
- The goals for preschool children were developed in alignment with the Head Start Child Development Early Learning Framework, California Preschool Learning Foundations, California Desired Results System and the Common Core Standards for kindergarteners.
